NOTE: The amounts in this table ignore the fact that some types of units cross county lines. For example, a school district is counted where the main school building is located. Similarly, the villages which are in two counties are also counted only in the county containing the larger area.

— Represents zero.

1 Data presented is preliminary and may be revised. For further information, please contact the State Comptroller's Office.

2 All Other includes the following for New York City: Municipal Water Finance Authority, Water Board, Brooklyn Navy Yard Development Corporation, Business Relocation Assistance Corporation, Economic Development Corporation, Health and Hospitals Corporation, Housing Development Corporation, Off-Track Betting Corporation, and 45 Business Improvement Districts.

3 Counts of special districts reflect historical information as provided by local governments but do not purport to be complete and are provided for information purposes only. For districts in more than one entity, the district is counted only in the controlling entity. Counts of special districts may include independent special purpose units also listed on previous page.

NOTE: Detail may not add to total due to rounding.

See Glossary on page 267.

X Not applicable.

a Includes only direct charges to the Capital Projects Fund. Equipment is included in Current Operations.

b County totals also include data for Indian reservations, which are not included in the City or Town totals.

1 Totals are adjusted to eliminate instances of duplication. For example, the population and area of villages are also contained in the Town data. Another example: both the categories Cities Excluding New York City and School Districts Excluding New York City include debt outstanding of and debt issued by the fiscally dependent school districts in the Cities of Buffalo, Rochester, Syracuse and Yonkers.

2 Includes counties other than the five comprising the City of New York.

3 Also includes fiscal data relating to the New York City School District and City University of New York. Financial data reflect all discretely presented component units as reported in the City of New York Comprehensive Annual Financial Report of the Comptroller; certain categories will not be comparable with data published in editions of this publication prior to 1992. Debt issued and outstanding debt categories exclude data of the Municipal Assistance Corporation, the Transitional Finance Authority, certain public benefit corporations that are component units of the City and/or whose debt is guaranteed by the City, the TSASC, Inc., the Samurai Funding Corporation and discretely presented component units.

Assessed Value (School Purposes)	221,437.3	280,572.2	306,184.8	314,296.9	325,166.5	332,375.4	346,760.6
Full Value (Municipal Purposes)	742,557.4	811,278.4	816,690.9	826,834.6	839,296.9	899,029.1	963,565.0

NOTE: Detail may not add to totals due to rounding.

Above figures are aggregates for 3,176 local governments, including counties, cities, towns, villages, school districts and fire districts.

This table includes New York City trend data that have been revised. Because of these revisions, statistics may not be comparable with earlier editions (pre-1992 data).

Historical Current Operations and Total Expenditure data have been adjusted to eliminate instances of duplication of employee benefits that were reported in both an operating and self insurance fund in some counties and cities. Therefore, these amounts will not agree with data published prior to 1999.

For information on specific issues that impact financial data of counties (e.g., tobacco settlement payments and the privatization of certain county health facilities), please contact the State Comptroller's Office.

See the Glossary on page 267 for schedule of local government fiscal years.

r Revised.

a The County of Nassau has changed its fiscal year to end December 31. For this reason, financial data of the County included in this table in 1996 is for a fifteen-month interim fiscal year, October 1, 1995 through December 31, 1996.

b The County of Nassau has a twelve-month calendar fiscal year; in 1996 the County had a fifteen-month interim period and in 1995 it had a nine-month interim period.

1 1990 Federal Census Population figures used for 1990 through 1999. 2000 Federal Census Population figures are used starting in 2000.

NOTE: Detail may not add to totals due to rounding.

X Not applicable.

a Fiscal 2001 data of the County of Schuyler are not available as the county did not file a 2001 annual financial report.

1 "School District" data are comprehensive (i.e., include all school districts in cities) but exclude higher education.

2 "Fire District" data reflect only the independent fire districts serving town areas. Other fire data are included in data for counties, cities, towns and villages.

NOTE: Detail may not add to totals due to rounding.

r Revised.

a The County of Nassau has changed its fiscal year to end December 31. For this reason, financial data of the County included in this table for 1996 is for a fifteen-month interim fiscal year, October 1, 1995 through December 31, 1996.

b The County of Nassau now has a twelve-month calendar fiscal year; in 1996 the County had a fifteen-month interim period and in 1995 it had a nine-month interim period.

c Starting in 1998, this table no longer reflects the financial transactions of the Westchester County Medical Center (WCMC) and the Ruth Taylor Institute (RTI) whose operations have been transferred to the Westchester County Health Care Corporation. For basis of comparison, in 1997 WCMC and RTI expenditures are summarized as follows: General Government (depreciation expense) — \$12.2 million, Health — \$345.5 million, Employee Benefits — \$42.8 million, Interest — \$3.0 million.

d Starting in 1997, Traffic Enforcement and Violation Tow programs of the Department of Transportation have been transferred to the Police Department.

1 "All Local Governments" includes New York City trend data, which have been revised starting in 1992. Because of these revisions, statistics reflected in this section may not be comparable with data published in editions of this table prior to 1992. Please refer to Footnote 4 and 15.

2 Includes employee benefits of counties, New York City (including schools), cities, towns, villages, school districts and fire districts. Certain employee benefits of New York City may be included in other functional categories.

3 Starting in 1998, this table no longer reflects the financial transactions of the Westchester County Medical Center (WCMC) and the Ruth Taylor Institute (RTI) whose operations have been transferred to the Westchester County Health Care Corporation. For comparison purposes, in 1997 WCMC and RTI expenditures were \$345.5 million for Health and \$42.8 million for Employee Benefits. Effective September 29, 1999, the County of Nassau transferred ownership of County health facilities to the Nassau Health Care Corporation (NHCC). Therefore, related revenues and expenditures of Nassau County health facilities do not reflect a full year's operation in 1999 and are not reflected in 2000. For comparison purposes, Nassau County health facilities reported the following in 1998, 1999 and 2000: Health of \$380.4 million in 1998; \$294.9 million in 1999; and \$0 in 2000. Employee Benefits were \$58.6 million in 1998; \$42.9 million in 1999; and \$0 in 2000.

4 Beginning in 1992, New York City financial data as presented in this table have been updated to now include all enterprise funds (Health and Hospitals Corporation, Off-Track Betting Corporation, Housing and Economic Development Funds, Water and Sewer System) as reflected in the City of New York Comprehensive Annual Financial Report of the Comptroller and will not be comparable with data published in editions of this table prior to 1992. Starting in 1994, these aforementioned enterprise funds of the City are now presented in the New York City Comprehensive Annual Financial Report as discretely presented component units. For purposes of providing comparable data, we continue to include these discretely presented component units in this table. Financial data reflect

payments made between the City governmental funds and the aforementioned activities. Data have been summarized and compiled from the City Report in an effort to provide data that are consistent with other units of local government in the State. However, because the City uses its own accounting system, data reflected will not be entirely comparable with other local governments. Functional categories include payments for personal services, contractual expenditures and equipment. Employee benefits are generally reflected as a separate category (see footnote 7). Capital outlay and payments of principal on debt do not appear in the section.

5 Department of Cultural Affairs, Department of Parks and Recreation, Libraries.

6 Board of Education (exclusive of fringe benefits) and the City University of New York (Community Colleges and Hunter Campus Schools).

7 Includes fringe benefits (including those of the Board of Education) and pension contributions. Fringe benefits of certain agencies such as the City University, libraries, cultural institutions, etc. and the enterprise funds may be allocated to their appropriate functional category.

8 General government and judicial expenditures.

9 Department of Health, Department of Mental Health, Mental Retardation and Alcoholism Services, payments by the City to the Health and Hospitals Corporation, and expenses of the Health and Hospitals Corporation.

10 Department of Transportation.

11 Police department, fire department and other public safety expenditures.

12 Department of Sanitation.

13 Department of Social Services. Starting in 1994, also includes expenditures for the newly created Department of Homeless Services (this activity was formerly part of the Department of Social Services). Starting in 1997, also includes the newly created Administration for Children's Services (this activity was formerly part of the Department of Social Services).

14 Includes economic opportunity (Department of Employment, Human Resources Administration, Department of Aging), housing (Department of Housing Preservation and Development, Department of Buildings, payments to the Housing Authority), Department of Environmental Protection, the Trade Waste Commission, payments to the Transit Authority, payments to private bus companies, judgments and claims and miscellaneous other expenditures. Also includes other debt service funds expenditures' (administrative, lease payments, refunding escrow, etc.) and expenses of the New York City Off-Track Betting Corporation, Housing and Economic Development entities, and the City Water and Sewer System. Starting in 1994, the New York City Housing Authority is now considered to be a discretely presented component unit and is included in All Other.

15 Functional categories include only payments for personal services and contractual expenditures. Total employee benefits for all functions are included as a separate category. Equipment and capital outlay and payments of principal on debt are not included.

NOTE: Detail may not add to total due to rounding.

This table includes New York City trend data that have been revised starting in 1992. Because of these revisions data may not be comparable with that published in earlier editions.

r Revised.

a The County of Nassau has changed its fiscal year to end December 31. For this reason, financial data of the County included in this table for 1996 is for a fifteen-month interim fiscal year, October 1, 1995 — December 31, 1996.

b The County of Nassau now has a twelve-month calendar fiscal year; in 1996 the County had a fifteen-month interim period and in 1995 it had a nine-month interim period.

1 Employee benefits of all school districts (including New York City) are no longer included in "Education," but are included in the category "Employee Benefits."

2 Includes employee benefits of counties, New York City (including schools), cities, towns, villages, school districts and fire districts. Certain employee benefits of New York City may be included in other functional categories.

3 Starting in 1998, this table no longer reflects the financial transactions of the Westchester County Medical Center (WCMC) and the Ruth Taylor Institute (RTI) whose operations have been transferred to the Westchester County Health Care Corporation. For comparison purposes, in 1997 WCMC and RTI expenditures were \$345.5 million for Health and \$42.8 million for Employee Benefits. Effective September 29, 1999, the County of Nassau transferred ownership of County health facilities to the Nassau Health Care Corporation (NHCC). Therefore, related revenues and expenditures of Nassau County health facilities do not reflect a full year's operation in 1999 and are not reflected in 2000. For comparison purposes, Nassau County health facilities reported the following in 1998, 1999 and 2000: Health of \$380.4 million in 1998; \$294.9 million in 1999; and \$0 in 2000. Employee Benefits were \$58.6 million in 1998; \$42.9 million in 1999; and \$0 in 2000.

4 New York City police and fire pension contributions and employee benefits of fire districts are no longer included in "Public Safety," but are included in "Employee Benefits" listed above.

5 No longer includes employee benefits.

X Not applicable.

a Fiscal 2001 data of the County of Schuyler are not available as the county did not file a 2001 annual financial report in time for inclusion in this table.

1 "School District" data are comprehensive (i.e., include all school districts in cities) but exclude higher education.

2 "Fire District" data reflect only the independent fire districts serving town areas. Other fire data are included in data for counties, cities, towns and villages.

NOTE: See page 267 for schedule of local government fiscal years. New York City data appear as reported in the Comprehensive Annual Report of the Comptroller of the City of New York.

Data for 1960 through 1980 may not be comparable with succeeding years for the categories "New York City" and "All Local Governments."

New Bond Issues data include refunding bonds.

Detail may not add to total due to rounding.

r Revised.

1 Excludes higher education.

2 Does not include indebtedness of the Municipal Assistance Corporation, certain public benefit corporations that are component units of the City and/or whose debt is guaranteed by the City, the Transitional Finance Authority, the Samurai Funding Corporation, the TSASC, Inc. and discretely presented component units (formerly enterprise funds).

NOTE: The above amounts are based on the New York State Education Department's Division of Aid to Localities for Education from the State Lottery Fund as stated in the New York State Budget.

1 Aid payments are made directly to school districts. Boundaries of school districts frequently cut across county lines. For those districts,

the county in which the main district building is situated is the county to which the district has been assigned for the purposes of this table.

2 Includes Bronx, Kings, New York, Queens, and Richmond counties.

NOTE: Detail may not add to totals due to rounding.

STAR Payment Schedule:

* To counties: \$1.45 per STAR exemption processing, and \$50.00 per cooperative building and mobile home park in county assessing units (Nassau, Tompkins); \$0.095 per parcel for tax collection and receipts to all counties.

* To cities and towns: \$1.45 per STAR exemption processing, and \$50.00 per cooperative building and mobile home park; \$0.40 per parcel for tax collection and receipt payments if municipality bills for school taxes; otherwise, \$0.20 per parcel

* To school districts: \$0.20 per parcel for tax collection and receipt payments, but only if district bills for its own taxes.

* To villages: \$0.20 per parcel for tax collection and receipts.

* Each administrative unit receives a minimum payment of \$50.00

- 1 School Tax Relief (STAR) Program. The STAR Program is a New York State-funded tax exemption program for school taxes granted to home owners in New York State on their primary residences.
- 2 Includes payments per STAR exemption processing and additional payments per cooperative building and mobile home park. Payments limited to cities and towns, plus counties of Nassau and Tompkins.

Yates	1,205,954,102	96.33	1,251,924,612

NOTE: See Glossary on page 267 for explanation of equalization rates.

- 1 For 2001 assessment rolls, the market value standard for equalization rates was January 1, 1998, trended to January 1, 2001. Equalization rates are based on assessments and market values of taxable property only. Includes Special Franchise property, if present.
- 2 Includes values for partially exempt parcels; does not include values for parcels wholly exempt from real property taxes.

3 Special Assessing Units (New York City, Nassau County) assess properties by class, at uniform percentages of full value within each class.

4 Includes Special Franchise and Ceiling Railroad property, if present.

NOTE: County figures may not add to statewide totals because of truncation of county data.

Because of a change in the method of calculating the number of exemptions and exempt value, 1990 and later figures are not directly comparable with those given for previous years.

— Represents zero.

1 The equalized exempt value of exempt properties is the assessed value of those properties divided by the equalization rate established by the

State Board of Real Property Services for the assessing unit in which the properties are located. For 2000 assessment rolls, the market value standard for equalization rates was January 1, 1998, trended to January 1, 2000.

Equalization rates are based on assessments and market values of taxable property only.

NOTE: Detail may not add due to rounding.

Because of a change in the method of calculating the number of exemptions and exempt value, 1990 and later figures are not directly comparable with those given for previous years.

— Represents zero.

NA Not applicable; exemption not in effect for this year

1 The equalized exempt value of exempt properties is the assessed value of those properties divided by the equalization rate established by the State Board of Real Property Services for the assessing unit in which the properties are located. For the 1999 assessment roll, the market value standard for equalization rates was January 1, 1998, trended to

January 1, 1999. For the 2000 assessment roll, the market value standard for equalization rates was January 1, 1998, trended to January 1, 2000.

Equalization rates are based on assessments and market values of taxable property only.

2 Includes additional exemption in 2000.

3 First took effect in 2000.

4 Exemption ceased after 1999.

X Not applicable.

a New York City is comprised of five boroughs which, in some instances, function like counties and are then counted as such.

1 A county is comprised of all towns and cities (if any) that lie within the county. They are viewed as lying adjacent to each other (no overlapping). County legislatures and judges are elected, as are some county executives. Others are appointed.

2 Geographically, towns may resemble the townships of midwestern states. Governmentally, however, their functions resemble those of "New England towns." Town supervisors, board members and judges are elected.

3 Villages are viewed as lying within towns. Only in incorporated villages are mayors and other officials elected and assessment rolls prepared (only for village tax purposes). Many densely settled residential areas

may be referred to as "villages" but receive governmental services only from the town (township) in which the area lies. Some villages (incorporated) lie in more than one town or even in more than one county. In this table, they are counted only once, in the county in which the largest portion of the village lies.

4 School districts may lie in more than one city or town and in more than one county. They are counted in the county in which the main school building is located. A school board is elected by voters residing within the district. Most school districts are financially independent, using city and town assessment rolls for preparation of school taxes. The five dependent districts are: Buffalo, Rochester, Syracuse, Yonkers, and New York City. They are supported financially by their respective city government budgets.

Glossary F

LOCAL GOVERNMENT FISCAL YEARS

Within New York State, the fiscal years of individual local governments vary considerably:

	Fiscal year Ends on:
New York City	June 30
Counties (except those which comprise New York City)	December 31
Cities (except New York City):	
– the majority (N=44)	December 31
– four cities	March 31
– one city	May 31
– ten cities	June 30
– two cities	July 31
Towns (townships)	December 31
Villages:	
– the majority (N=514)	May 31
– six villages	July 31
– seven villages	December 31
– twenty-six villages	February 28
– one village	March 31

For further details regarding local governments, see *Special Report on Municipal Affairs* issued annually by the Office of the State Comptroller.

EQUALIZATION RATES

An equalization rate represents the average percentage of full value (market value) at which real property in a municipality has been assessed. Rates are calculated annually for every assessment roll completed by cities, towns and incorporated villages and are based on samplings of properties in market value surveys conducted by the State Board of Real Property Services.

Glossary for Tables F-2 and F-3

Assessed Valuation (Municipal Purposes): The taxable assessed valuation of real property that is taxable for municipal purposes.

Assessed Valuation (School Purposes): The taxable assessed valuation of real property used for the levy of taxes for school purposes.

Full Valuation (Municipal Purposes): The actual taxable valuation of real property obtained by applying the final equalization rate to the assessed valuation of the municipality.

Outstanding Debt: The amount of unredeemed notes and bonds at the close of the fiscal year.

Real Property Taxes and Assessments: Taxes levied on an ad valorem basis and special assessments levied on a benefit basis. Also includes state reimbursements to school districts for the School Tax Relief (STAR) program and miscellaneous tax items.

Nonproperty Taxes: Taxes imposed by or paid to municipalities such as sales tax, consumers' utility tax, harness race admissions tax, off-track betting surtax, and others. Includes interest and penalties on nonproperty taxes.

State Aid: Total aid from the State, including aid for general purposes, public schools, social services, health services, mental health services, housing and community development, culture and recreation, community college, economic assistance and opportunity, highways, probation services, maintenance and construction of sewage treatment facilities, other capital projects, mortgage tax, etc.

Federal Aid: Total aid from the Federal government, including aid for general purposes, public schools, social services, health services, housing and community development, culture and recreation, maintenance and construction of sewage treatment facilities, economic assistance and opportunity, other capital projects, etc.

Other Revenues: Receipts not otherwise classified, including revenues from special activities, licenses, permits, rentals, departmental fees and charges, interest on investments, sales, reimbursements, recoveries, fines, forfeits, interest on investments and other miscellaneous items.

Debt Issued-Bonds: Reflects the issuance of bonds.

Debt Issued-Notes: Reflects the issuance of bond anticipation notes and other notes.

Current Operations: Expenditures (other than for capital outlay and debt service) for all general costs of municipalities. Includes personal services, employee benefits and contractual expenditures.

Capital Outlay: Expenditures for equipment purchase and for the construction, improvement and acquisition of fixed assets, such as buildings, real property, highways, bridges, sewers, fire apparatus, acquisition of right-of-way and instructional equipment.

Debt Service: The redemption of bonds and notes by payments of principal and interest on outstanding bonds or notes. Due to accounting treatments, may not include principal payments on short term indebtedness and bond anticipation notes, principal payments made within enterprise funds, and bond anticipation notes redeemed from the proceeds of bond issues.
