UTILITIES

Older adults of color (65 and over) are more likely to be energy-burdened than their White counterparts.

SOURCE

Energy burdens calculated by the American Council for an Energy-Efficient Economy, using the US Census Bureau's 2017 American Housing Survey data.

*Researchers found a lack of sufficient data on utility issues for older Asian American/Pacific Islanders.

DISRUPT DISPARITIES 2.0

GENTRIFICATION

Rent increases are a primary factor in residential displacement, and older adults of color have much higher shares of renters than do Whites in gentrifying neighborhoods:
